Paul Tyson Photography

In 2014 I accompanied family to the Island as my wife took up post as an Advisory Teacher. My new found passion for photography quickly became a profession and I began to receive contracts to photograph everything from the footsteps of Napoleon to underwear.

I established myself as the Island's commercial photographer and gained a large portfolio of images in my unique style, many of which can be seen in this wonderful new hotel.

Sadly I left St Helena in May 2017, but she will forever be in my heart and I'm thrilled that some of me will remain here in the form of the images you see here.

My complete gallery can be seen on my website,

life and love of St Helena on my blog,
